

Quattro™

4-Way Automatic Counterfeit Detector

- ▶ Industry-leading detection: powered by Cassida's patented M Algorithm™, the Quattro™ offers the lowest "false reject" rate of any manufacturer.
- ▶ Easy operation: able to authenticate a bill inserted in any of the 4 possible directional orientations—unlike competing detectors!
- ▶ Backed by the "Counterfeit Shield Guarantee": if a counterfeit bill is accepted as genuine, Cassida will reimburse the full value of the bill.
- ▶ Compact, durable AND portable: combines small size with an included rechargeable battery so access to power is not required.
- ▶ Easy-to-read high-resolution digital display clearly reports PASS or FAIL along with the denomination for an added layer of security.
